

JOB DESCRIPTION

Company: Newport Credentialing Solutions. LLC.
Address: 16 Atlantic Ave, Lynbrook, NY 11563
Job Title: Credentialing Specialist
Department: Provider Credentialing and Enrollment Solutions
FLSA Data: FT, Non-Exempt
Reports to: Manager of Operations, Account Supervisor

Company Description:

Newport Credentialing Solutions is the nation's premier provider of cloud-based software and services dedicated to the credentialing life cycle. Newport provides cloud-based workflow, analytics, and business intelligence credentialing software and cloud-enabled credentialing services to some of the largest academic medical centers, health systems, and multi-specialty group practices in the United States. Newport helps clients "Take Control" of their credentialing life cycle by streamlining operations, reducing credentialing related denials, and generating more cash for their organizations. The company has a "high energy" work environment that rewards innovation and represents a tremendous personal growth opportunity for the right professional.

For the right candidate, Newport is willing to offer highly competitive base salary, performance bonus and health benefits package.

Role Profile:

The ideal candidate will have 2 - 4 years of provider credentialing / enrollment experience. The position requires superb communication skills, a mature grasp of organizational hierarchy, ability to prioritize tasks and projects and the discretion to know when to act independently and when to ask for guidance and/or assistance. This job is vital to the success of our clients and demands flexibility, a customer-focus, organization and a passion for details.

Essential Duties and Responsibilities:

- Coordinate all managed care credentialing activities to ensure provider participation status. Credentialing activities require substantial contact with outside agencies.
- Prepare credentialing and re-credentialing applications on behalf of providers for submission to managed care companies and other agencies.
- Maintain necessary logs, lists, records, and current documentation required for provider credentialing and re-credentialing.
- Verify physician/provider information for managed care plans including communication with health plan representatives and other staff as necessary.
- Follow-up with managed care companies to ensure expedient credentialing.
- Prepare and complete applications, link letters and spreadsheets to managed care organization specifications.
- Maintain relationships with external managed care organization and clients as required.

Essential Skills, Experience and Education:

- Ideal candidate must be highly self-motivated with a proven expertise in the healthcare physician credentialing, expirables management, re-credentialing and provider enrollment environment.
- Highly motivated and success-driven with the ability to implement and manage cross-functional projects
- Two years' college degree preferred.
- Minimum 1-2 years credentialing and or privileging experience within a hospital or managed care environment.
- Minimum 1-2 years' provider enrollment experience within a hospital or managed care environment
- Proficiency with credentialing systems
- Strong organizational and excellent follow-up skills.
- Ability to interact effectively with a variety of people (physicians and medical staff offices).
- Provides highest level of customer service for both internal and external customers.
- Strong written and verbal communication skills. Strong presentation and client interaction skills.
